The one-day workshop begins at 8:00 a.m. (check-in at 7:45 a.m.) and ends at 5:00 p.m. It combines 2 hours of classroom instruction with behind-the-wheel maneuvers on a closed raceway track next to the Lewistown Airport. Each workshop is limited to 12 drivers with 4 instructors, so every driver benefits from individual attention and has hours of hands-on practice behind the wheel of the Skid car and/or bus, truck, or ambulance. Drivers learn to respond safely to driving risks and how to be a more confident and safe driver.
